

INTRODUCING:

TILTING VICE SLIDE

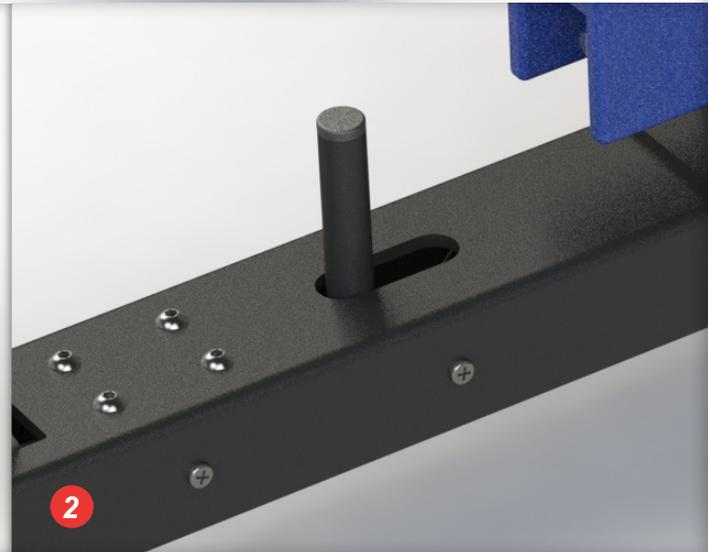

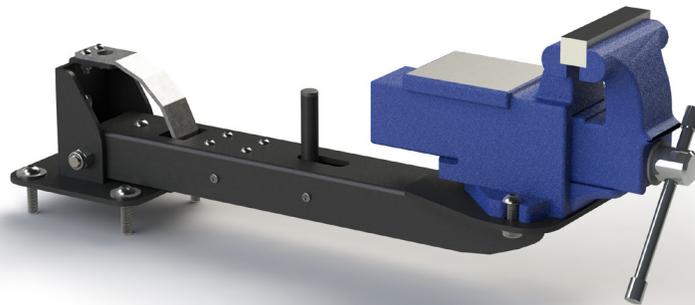

For more information on the features and options available, refer to the following pages.

Transform your vehicle into a portable workshop with our brand new **Caddy Storage** product.

Introducing: **The Tilting Vice Slide**. This product can be installed into *any* vehicle. It's compact design allows you to store more in your vehicle. It can be neatly stored in vertical position when not in use; and with the quick release locking system the vice is ready for use in seconds.

This products works well by itself or to compliment our Adjustable shelving units, CPS drawers, Caddy Drawers, etc.
